Course aim

The course addresses qualified ATM managers and personnel. The aim of the course is to provide the course participants with a good knowledge in ICAO Doc 9854 Global ATM Operational Concept and a detailed knowledge of ICAO Doc 9965 FF-ICE - Flight and Flow Information for a Collaborative Environment.

Course objectives

After completing the course, the participants have:

- Detailed knowledge of the purpose, objective and scope of FF-ICE
- Good knowledge of ICAO Doc 9854 Global ATM Operational Concept from 2005

Course overview

The duration of the course is 4 days. The course consists of theoretical lessons, discussions and operational scenarios and it is delivered by professional international instructors. The course can be delivered at any of our training sites or at client’s premises.
